Supplement to this book, click here. This is the paperback printing of the casebook published in 2018. To see the hardcover version, please click here. A teacher's manual with complete solutions to all of the problems is available. In addition, adopters have access to over 1200 PowerPoint slides tailored to the book. Over 200 of those slides are interactive polling slides using TurningPoint. These clicker slides may be used for feedback, formative assessment and touchless grading. Click here to view a sample presentation. If you are a professor using this book for a class, please contact Rachael Meier at remeier@cap-press.com to request your slides. The fifth edition of Miller and Maine's *The Fundamentals of Federal Taxation* is a problem-based, transaction-oriented treatment of the basics of federal taxation. It features a balanced approach toward tax planning and tax policy and is structured for easy accessibility through the use of forty-one chapters,

each of which can readily be covered in one, or occasionally two, class sessions. This edition incorporates developments in the law through January of 2018, including the far-reaching Tax Cuts and Jobs Act. Key developments since the fourth edition include changes to the ordinary income rate structure, depreciation and capitalization, itemized deductions, personal exemptions, alimony, the child tax credit, and casualty losses. This edition also further engages students by noting how tax law intersects with diverse and hot topics such as the sharing economy, the legalized marijuana industry, Silicon Valley job perks, wrongful incarceration, virtual currency, and human egg donation. The first half of the book provides students with an understanding of the overall structure of the federal income tax. This part culminates in two major review problems that assist students in integrating the knowledge gained. Thereafter, the book covers various major topics of

taxation--including real estate taxation, intellectual property taxation, family taxation, the tax consequences of litigation, and deferred compensation--with an emphasis on tax planning. It is designed to give students an appreciation for how the law of taxation connects with everyday events of American life. Also available from Carolina Academic Press is a companion book by the same authors entitled *Problems and Solutions for Federal Income Taxation* (now in a second edition). This is a student study aid with over four hundred problems and solutions organized with the same chapter structure as the main text. The teacher who wishes to de-emphasize the use of class time on the problems can simply assign this book as a companion to the main text. Both books contain detailed cross reference tables for internal revenue code sections, cases, regulations, and I.R.S. rulings. *The Fundamentals of Federal Taxation* is a cogent, straightforward treatment of a complex subject. The topics,

the selection of cases, and the design of the problems are all calculated to make tax law fun and thought-provoking. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Now today's future and current professionals can master corporate tax concepts and today's ever-changing tax legislation with SOUTH-WESTERN FEDERAL TAXATION 2017: CORPORATIONS, PARTNERSHIPS, ESTATES & TRUSTS, 40E. Renowned for its understandable, time-tested presentation, this book remains the most effective solution for helping today's learners thoroughly grasp information critical to the tax preparer, such as C corporations, flow-through entities, taxes on financial statements, and tax planning. The 2017 edition reflects the latest tax legislation at publication. Proven learning features with clear examples, summaries and meaningful tax scenarios help

clarify concepts and sharpen critical-thinking, writing, and research skills. Trust SOUTH-WESTERN FEDERAL TAXATION 2017: CORPORATIONS, PARTNERSHIPS, ESTATES & TRUSTS, 40E for the most thorough coverage of taxation concepts today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. FULLY UPDATED FOR 2020 TAX LAW The bold and innovative McGraw-Hill Taxation series is now the most widely adopted code-based Tax title across the country instructors. It's apparent why the clear, organized, and engaging delivery of content, paired with the most current and robust tax code updates, is used by more than 600 schools. The breadth of the topical coverage, the story line approach to presenting the material, the emphasis on the tax and non-tax consequences of multiple parties involved in transactions, and the

integration of financial and tax accounting topics make this book ideal for the modern tax curriculum. Story line Approach: Each chapter begins with a story line that introduces a set of characters or a business entity facing specific tax-related situations. Examples related to the story line allow students to learn the code in context. Integrated Examples: In addition to providing examples in-context, we provide "What if" scenarios within many examples to illustrate how variations in the facts might or might not change the answers. More than 100 Videos: Guided Example hint videos provide students with on-demand walk-throughs of key Tax topics, offering narrated, animated, step-by-step solutions to algorithmic variants for select exercises similar to those assigned. Conversational Writing Style, Superior Organization, and Real-World Focus Master today's tax concepts and current tax law with SOUTH-WESTERN FEDERAL TAXATION 2022: INDIVIDUAL

INCOME TAXES, 45E. Updates emphasize the most recent tax changes and 2021 developments impacting individuals. You examine coverage of the Tax Cuts and Jobs Act of 2017 with related guidance from the treasury department. A distinctive Framework 1040 demonstrates how topics relate to one another and to Form 1040. Recent examples, updated summaries and current tax scenarios clarify concepts and help you sharpen critical-thinking, writing and research skills. In addition, sample questions from Becker C.P.A. Review help you study for professional exams. Equipped with a thorough understanding of today's taxes, you can pursue the tax portions of the C.P.A. or the Enrolled Agent exam with confidence or apply your knowledge to a career in tax accounting, financial reporting or auditing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Master today's tax concepts and current tax law with SOUTH-WESTERN FEDERAL TAXATION 2022: COMPREHENSIVE, 45E. This reader-friendly presentation emphasizes the latest tax law, as of the time of publication, and addresses the most recent changes impacting individuals, corporations, partnerships, estates and trusts and financial statements. You examine tax law changes and reforms as recent as 2021 with complete coverage of the Tax Cuts and Jobs Act of 2017 and related guidance from the U.S. treasury department. Updated examples, frequent and current summaries and the latest tax scenarios clarify concepts and sharpen your critical-thinking, writing and research skills. Equipped with a thorough understanding of today's federal taxes, you can approach the tax portions of the C.P.A. or the Enrolled Agent exam with confidence or apply your knowledge to a career in tax accounting, financial reporting or auditing. Important Notice: Media

content referenced within the product description or the product text may not be available in the ebook version. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Readers gain a strong understanding of income tax concepts for the individual and today's ever-changing tax legislation with the respected SOUTH-WESTERN FEDERAL TAXATION 2017: INDIVIDUAL INCOME TAXES, 40E. Renowned for its understandable, time-tested presentation, this book remains the most effective solution for helping readers thoroughly grasp individual taxation concepts. This edition reflects the latest tax legislation for individual taxpayers at the time of publication. The authors build on the book's proven learning features with clear examples, summaries and meaningful tax scenarios that help clarify concepts and sharpen readers' critical-thinking, writing, and research

skills. The book's framework clearly demonstrates how topics relate to one another and to the 1040 form. Trust SOUTH-WESTERN FEDERAL TAXATION 2017: INDIVIDUAL INCOME TAXES for the most thorough coverage of individual income taxation that is available today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Now today's future and current professionals can master corporate tax concepts and today's ever-changing tax legislation with SOUTH-WESTERN FEDERAL TAXATION 2016: CORPORATIONS, PARTNERSHIPS, ESTATES & TRUSTS, 39E. Renowned for its understandable, time-tested presentation, this book remains the most effective solution for helping today's learners thoroughly grasp information critical to the tax preparer, such as C corporations, flow-through entities, taxes on financial statements, and tax

planning. The 2016 edition reflects the latest tax legislation at publication. Proven learning features with clearer new examples, more summaries and meaningful tax scenarios that help clarify concepts sharpen critical-thinking, writing, and research skills. Trust SOUTH-WESTERN FEDERAL TAXATION 2016: CORPORATIONS, PARTNERSHIPS, ESTATES & TRUSTS, 39E for the most thorough coverage of taxation concepts today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. CCH's Federal Tax Study Manual is designed to enhance learning and improve comprehension for students of federal tax. Clear and concise summaries along with hundreds of review questions and answers help students understand the complexities of today's tax laws. Designed as an extra aid for students using CCH's industry-leading tax textbooks, the Study Manual highlights

and reinforces the key tax concepts presented in: CCH's Federal Tax Course, CCH's Federal Taxation: Comprehensive Topics, and CCH's Federal Taxation: Basic Principles. The CCH Federal Tax Study Manual provides students with an approach that combines self-study with programmed learning. Throughout the Study Manual, main concepts are presented in a concise yet thorough fashion, allowing students to focus on and apply pertinent information. Chapter-by-chapter summaries and easy-to-read outlines highlight the in-depth textbook explanations. Objective questions and problems (with solutions provided) are structured to help Federal Tax Accounting advise tax preparers, accountants, attorneys, and other professionals about timing issues, i.e. when an item, such as income, deduction, or credit may be reported on a tax return. Tax accounting rules govern the tax incidents of when tax events must be taken into account for federal income

tax purposes. The when question is the subject of this book. In general, tax accounting is not concerned with whether an item is includable in income or deductible or even with the character of the item but when it may be reported. To view or download a summary of sixth edition changes, [click here](#). The sixth edition of *The Fundamentals of Federal Taxation* is a problem-based, transaction-oriented treatment of the basics of federal taxation. It features a balanced approach toward tax planning and tax policy and is structured for easy accessibility through the use of forty-two chapters, each of which can readily be covered in one, or occasionally two, class sessions. This edition incorporates developments in the law through August of 2022, including the Inflation Reduction Act of 2022. Changes since the fifth edition include new treatments of clean energy and climate change tax credits, pandemic tax relief, loan forgiveness, sexual harassment settlements,

the charitable deduction, retirement plans, and education tax credits. This edition also further engages students by noting how tax law intersects with diverse and hot topics such as the Gig economy, cryptocurrency, the legalized marijuana industry, Silicon Valley job perks, wrongful incarceration, and human egg donations. The first half of the book provides students with an understanding of the overall structure of the federal income tax. This part culminates in two major review problems that assist students in integrating the knowledge gained. Thereafter, the book covers various major topics of taxation--including real estate taxation, intellectual property taxation, family taxation, the tax consequences of litigation, and deferred compensation--with an emphasis on tax planning. It is designed to give students an appreciation for how the law of taxation connects with everyday events of American life. Also available from Carolina Academic Press is a companion book by the

same authors entitled Problems and Solutions for Federal Income Taxation. This is a student study aid with over four hundred problems and solutions organized with the same chapter structure as the main text. The teacher who wishes to de-emphasize the use of class time on the problems can simply assign this book as a companion to the main text. Both books contain detailed cross reference tables for internal revenue code sections, cases, regulations, and I.R.S. rulings. The Fundamentals of Federal Taxation, is a cogent, straightforward treatment of a complex subject. The topics, the selection of cases, and the design of the problems are all calculated to make tax fun and thought-provoking. A teacher's manual with complete solutions to all the problems is available. In addition, the authors make available to adopters a large set of PowerPoint slides organized by chapter assignments. Master contemporary tax concepts and gain a thorough understanding of today's ever-changing tax

legislation with SOUTH-WESTERN FEDERAL TAXATION 2018: COMPREHENSIVE VOLUME, 41E. Renowned for its understandable and time-tested presentation, this complete book offers the most effective solution for comprehending individual taxation, C corporations, taxes on financial statements, and flow-through. Timely coverage addresses the latest tax legislation for both individual taxpayers and corporations, as of the time of this edition's publication. Exceptional learning features, such as Big Picture examples, memorable tax scenarios, and What If? case variations, clarify concepts. Readers find numerous opportunities to sharpen skills in critical-thinking, writing, and online research that are important for career success as a tax practitioner today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. I want to thank

you sincerely for taking the time to read this book. I know you'll be happy you did. The messages you are about to discover will change the way you think about retirement planning, and, for many of you, it will absolutely empower the future for you and your family, for generations to come. At the heart of this book are surprising secrets designed to save you and your loved ones a fortune in assets - potential buckets of money your estate would otherwise give up to the government, for no reason at all! Here's why: I don't want to sound like someone caught up in conspiracy theories (not my style) but I strongly suspect that Congress may be out to get me...and YOU...tax-wise, that is! And for good reason: During the past five years, in particular, we as a nation have run up one mountain of debt and deficit and if we don't want to stand idly by, and watch significant portions of our estate legacies disappear, it's time to alter a few well-entrenched financial strategies. We all know about the massive

federal debt our country amassed during the last recession. That's no secret, is it? We also know that, as a nation, we will all have to pitch in and somehow pay it all off. The one way to get there will be through increased taxation. Count on it. Who will pay the tax? You and I will be asked to pay the brunt of it; you can count on that as well. Prudent investors and those trying to preserve their assets in retirement must accordingly begin to think about certain, perfectly legal, money making tax-preservation strategies, the fundamentals of which I will reveal to you in the coming pages of this book. I can't say it enough: My clients have been astounded by the results. Once they realize how simple and easy it is to save thousands upon hundreds of thousands of dollars in family assets, they realize how financially devastated their families might have been had they never heard the invaluable, wealth-saving advice you are about to review. It is certainly no secret that from the beginning of

2013 the federal government began raising income taxes, not only for the wealthy but for most Americans across the board. Sure, many of us have been deferring the eventual payment of taxes through instruments like annuities. But a time of reckoning is coming for millions of retirees. While many prudent investors and retirees have been solidly immersed in tax deferral investment vehicles, an impending vulnerability actually created by tax deferral forms one of the central points I want to make in this book. Fact is, the IRS is entitled to its fair share of income tax and if we have been deferring tax in things like annuities and IRAs over the past decade or more, many of us may be losing sleep over the next big hurdle in the financial planning process. Here's where this book departs from others you may have read: I'm not talking about the accumulation or preservation of retirement assets, I'm leading up to the one central issue so many of us have wanted to avoid through the

years. I'm talking about the final "distribution" phase of retirement planning, when government taxation stands to take a toll, not only on your current financial picture but the legacy many must inevitably leave behind. The second edition of *Problems and Solutions for Federal Income Taxation* reflects the many significant changes made by the Tax Cuts and Jobs Act for years 2018 and beyond. This edition includes more than 400 problems with solutions. Each problem set is introduced with a concise overview. The book contains 42 chapters that are accessible by topic, code section, case name or keyword. No matter the main text assigned, this comprehensive problem set will aid students in assessing and refining their knowledge of the federal income tax and its application to typical fact patterns. Coverage includes treatments of individual and family income tax principles, business taxation, intellectual property taxation, deferred compensation, and tax

procedure. The final chapters include introductions to corporate and partnership taxation, international taxation, and federal transfer taxation. Master complex tax concepts and gain an understanding of today's ever-changing tax legislation with *SOUTH-WESTERN FEDERAL TAXATION 2017: COMPREHENSIVE VOLUME, 40E*. Renowned for its understandable and time-tested presentation, this comprehensive book remains the most effective solution for helping you thoroughly understand individual taxation, C corporations, taxes on financial statements, and flow-through. You'll find coverage of the latest tax legislation for both individual taxpayers and corporations, as of publication. Proven learning features, such as additional Big Picture examples, memorable tax scenarios, and What If? case variations, clarify concepts. You will find numerous opportunities to sharpen skills in critical-thinking, writing, and online research that are

important for career success as a tax practitioner. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. These print practice sets, by Raymond F. Wacker (Southern Illinois University), are comprehensive and designed to be completed near the end of the course using tax preparation software such as TaxCut®. Complete with tax forms. (Solutions are available to instructors separately.).
