Set against a volatile political landscape, Irish republican culture has struggled to maintain continuity with the past, affirm legitimacy in the present, and generate a sense of community for the future. *Lullabies and Battle Cries* explores the relationship between music, emotion, memory, and identity in republican parading bands, with a focus on how this music continues to be utilized in a post-conflict climate. As author Jaime Rollins shows, rebel parade music provides a foundational idiom of national and republican expression, acting as a critical medium for shaping new political identities within continually shifting dynamics of republican culture. Executed in Kilmainham Gaol on 8 May 1916, Michael Mallin had commanded a garrison of rebels in St Stephen's Green and the College of Surgeons during Easter Week. He was Chief-of-Staff and second-in-command to James Connolly in the Irish Citizen Army. Born in a tenement in Dublin in 1874, he joined the British army aged fourteen as a drummer. He then worked as a silk weaver and became an active trade unionist and secretary of the Silk Weavers' Union. A devout Catholic, a temperance advocate, father of four young children and husband of a pregnant wife when executed – what brought such a man, with so much to lose, to wage war against the British in 1916? The dictionary consists of an alphabetical index to over 10,000 ship histories documenting nearly every ship that the US Navy has put to sea. Continental and Confederate vessels are also included. Entries include physical information, commissioning, service record, notable actions, and decommissioning. Drawings, photographs, and documents are also included. The Web site is an electronic version of the previously published dictionary series. Web entries may be corrected and updated from those that appeared in the printed series. A history of the Official Irish Republican movement, from the IRA's 1962 ceasefire to the Official IRA's permanent ceasefire in 1972. The civil rights movement, outbreak of violence in August 1969, links with the communist party, Official IRA's campaign, ceasefire, and developments towards 'Sinn Fein the Workers' Party' are explored. "This book is the first in-depth study of this crucial period in the history of Irish republicanism. Using his unprecedented access to the internal documents of the movement and interviews with key participants Swan's work will transform our understanding of this transformative period in the history of the movement." Henry Patterson, Author of 'The Politics of Illusion: A Political History of the IRA' and

'Ireland Since 1939'. "There is much fascinating material . and also much good sense." Richard English, Author of 'Armed Struggle, A History of the IRA' and 'Radicals and the Republic: Socialist Republicanism in the Irish Free State'. James Connolly (1868-1916) became a leading Irish socialist and revolutionary, and was one of the leaders of Ireland's rebellion in 1916. As a youth he had served in the British army in Ireland and, seeing how they treated the local population, became hugely disillusioned with the British Army. He became involved in socialism in Scotland and was the driving force behind the creation of Ireland's trade union movement. He was Commandant of the Dublin Brigade in the Easter Rising and, too injured to stand before the firing squad, was executed tied to a chair. Written in an entertaining, educational and assessible style, this biography is an accurate and well-researched portrayal of the man behind the uprising. Including the latest archival evidence, James Connolly is part of the Sixteen Lives series which looks at the events, lives and deeds of the sixteen men executed for their role in Ireland's Easter 1916 Rising. On a hot and dusty summer's day in 216 BC, the forces of the Carthaginian general Hannibal faced the Roman army in a dramatic encounter at Cannae. Massively outnumbered, the Carthaginians nevertheless won an astonishing victory - one that left more than 50,000 men dead. Gregory Daly's enthralling study considers the reasons that led the two armies to the field of battle, and why each followed the course that they did when they got there. It explores in detail the composition of the armies, and the tactics and leadership methods of the opposing generals. Finally, by focusing on the experiences of those who fought, Daly gives an unparalleled portrait of the true horror and chaos of ancient warfare. This striking and vivid account is the fullest yet of the bloodiest battle in ancient history. CHARACTER ASSASSINS II re-examines controversial historical events and takes a fresh look at contemporary issues. It is highly critical of the federal government, the Justice Department and courts throughout America. Essentially, the book is a brief history of the consequences of bearing false witness. It tells how "toxic talk" has led to shunning, branding, witch hunts, persecutions, prosecutions, executions, pogroms, famines, wars and genocides. From small acorns great oaks grow, and from small lies come poisonous fruits: ruined reputations, divided neighborhoods, class hatreds, clan violence, ethnic cleansings and blood libels, preludes to the twentieth century's worst horrors. The book critically examines local, national and foreign events. It shows how the press, the courts and government officials contort the facts, twist the truth and subvert the Constitution of the United States for political gain, ideological advantage or more simply and crassly to settle old scores from old political feuds or personal vendettas. It all begins with a slur or an insult, then the retort, then the tit for tat and the poisonous chit chat, then the false witness and rumors that spread like wildfire, then "eye for eye" the stepped upon step up, and strike back, and, as the worm turns, the backbiting and stone throwing spiral out of control, and that inevitably leads to the singling out of "the other" or of "different" people, who are subjected in due course to derisions, scorn, retribution, persecution and punishment. It compares the Dreyfus case to the Connolly case, and proves how slander and libel can lead to wrongful, highly destructive prosecutions of innocent men and women. The period between World War I and World War II was one of intense change. Everything was modernizing, including our technology for making war—witness machine guns, trench warfare, biological agents, and ultimately The Final Solution. This modernization and eye toward the future was reflected in many facets of pop culture, including fashion, home-wear design, and the popular literature of the time. In sci-fi, a specific genre emerged—that of the 'future war.' Fred Krome has collected many of these future war stories together for the first time in *Fighting the Future War*. Bolstered by a comprehensive introduction, and introduced with historical information about both the authors of the stories and the historical time period, these stories provide a view into the field of pulp science fiction writing, the issues that informed the time period between the world wars, and the way people envisioned the wars of tomorrow. Revealing anxieties about society, technology, race and politics, the genre of the future war story is important material for students of history and literature.

Sample Book Insights: #1 I like being naked in public. I discovered this made me happy when I was only four years old. I'm not sure what my definition of happiness is, but I've always imagined that it would be the feeling you get before you die. #2 I remember being in other people's houses as a young boy. I loved it. They had an easy chair that was covered in corduroy, and I would sit in it the wrong way round, upside down. I would ask Mr Cumberland to run a coin across the corduroy again and again, making a noise like a motorbike. #3 I was born in a tenement building in Glasgow, near the center of the city. Tenement blocks were the most popular type of housing in Glasgow in the nineteenth century. They were solid sandstone apartment buildings with four stories and a staircase in the middle. #4 I was born in 1942, during World War Two. I was sickly and always sniffing. I had pneumonia three times

before I turned four. But I felt jolly when Florence was next to me. We slept together in the alcove bed in the kitchen, and she taught me songs. Keywords: new adult, college romance, mob romance, loan shark, multicultural, alpha male, tattoo, wealthy, rich This book details the Irish socialistic tracks pursued by Bernard Shaw and Sean O'Casey, mostly after 1916, that were arguably impacted by the executed James Connolly. The historical context is carefully unearthed, stretching from its 1894 roots via W. B. Yeats' dream of Shaw as a menacing, yet grinning sewing machine, to Shaw's and O'Casey's 1928 masterworks. In the process, Shaw's War Issues for Irishmen, Annajanska, the Bolshevik Empress, The Tragedy of an Elderly Gentleman, Saint Joan, The Intelligent Woman's Guide to Socialism and Capitalism, and O'Casey's The Story of the Irish Citizen Army, The Shadow of a Gunman, Juno and the Paycock, The Plough and the Stars, and The Silver Tassie are reconsidered, revealing previously undiscovered textures to the masterworks. All of which provides a rethinking, a reconsideration of Ireland's great drama of the 1920s, as well as furthering the knowledge of Shaw, O'Casey, and Connolly. In January 1944, Vice Admiral Percy Walker Nelles was fired from his position as head of the Royal Canadian Navy. Betrayed reveals the true story behind the dismissal: a divisive power struggle between two elite groups within the RCN pitted the navy's regular officers against a small group of self-appointed spokesmen for the voluntary naval reserve. Threats of public scandal, mass insurrection, and political intimidation caused one of the worst breakdowns ever in Canadian civil-military relations. This fascinating investigation into the machinations of a divided navy tackles important questions of military professionalism, leadership, and identity. From the Latin warriors on the Palatine Hill in the age of Romulus, to the last defenders of Constantinople in 1453 AD, the weaponry of the Roman Army was constantly evolving. Through glory and defeat, the Roman warrior adapted to the changing face of warfare. Due to the immense size of the Roman Empire, which reached from the British Isles to the Arabian Gulf, the equipment of the Roman soldier varied greatly from region to region. Through the use of materials such as leather, linen and felt, the army was able to adjust its equipment to these varied climates. Arms and Armour of the Imperial Roman Soldier sheds new light on the many different types of armour used by the Roman soldier, and combines written and artistic sources with the analysis of old and new archaeological finds. With a huge wealth of plates and illustrations, which include ancient paintings, mosaics, sculptures and coin depictions, this book gives the reader an unparalleled visual record of this fascinating period of military history. This book, the first of three volumes, examines the period from Marius to Commodus. The story of the Dubliners who served in the British military and in republican forces during the First World War and the Irish Revolution. 'Hasn't it been a full life, Lillie, and isn't this a good end?', were James Connolly's last words to his wife in Dublin Castle in the early hours of 12 May 1916 just before his execution for his part in leading the Easter Rising. James Connolly, the son of Irish immigrants, was born in Edinburgh. The first fourteen years of his life were spent in Edinburgh and the next seven years in the King's Liverpool Regiment in Ireland. In 1889, he returned to Edinburgh where he was a socialist activist and organiser for seven years. In 1896, at the age of 28, he was invited to Dublin as socialist organiser, founding the Irish Republican Socialist Party and editing *The Workers' Republic*. Connolly spent seven years in America between 1903 and 1910, returning to Ireland in 1910 as organiser of the Socialist Party of Ireland. Connolly was appointed Ulster Organiser of the Irish Transport and General Workers' Union by James Larkin, succeeding him as acting general secretary in October 1914. As Commander of the Irish Citizen Army, Connolly joined with leaders of the Irish Republican Brotherhood in the Easter Rising in 1916, becoming Commandant-General of the Dublin Division of the Army of the Republic and Vice-President of the Provisional Government of the Irish Republic. For their part in the Easter Rising,

Connolly and thirteen of his fellow revolutionaries were executed in Kilmainham Gaol by the British government. Connolly, the last to be executed, was wounded in the Rising and had to be strapped to a chair to face the firing squad. This biography deals with Connolly's activities as soldier, agitator, propagandist, orator, socialist organiser, pamphleteer, trade union leader, insurgent, and traces the evolution of his political thinking as social democrat, revolutionist, syndicalist, revolutionary socialist, insurrectionist. It is based largely on Connolly's prolific writings in twenty-seven journals in Scotland, England, Ireland, France and America, and some 200 letters which are particularly revealing of his relationships with colleagues. James Connolly is the very best survey of Connolly's remarkable life and times. On June 28, 1868, a group of men gathered alongside a road 35 miles north of Albuquerque to witness a 165-round, 6-hour bare-knuckle brawl between well-known Colorado pugilist Barney Duffy and "Jack," an unidentified fighter who died of his injuries. Thought to be the first "official" prizefight in New Mexico, this tragic spectacle marked the beginning of the rich and varied history of boxing in the state. Oftentimes an underdog in its battles with the law and public opinion, boxing in New Mexico has paralleled the state's struggles and glories, through the Wild West, statehood, the Depression, war, and economic growth. It is a story set in boomtowns, ghost towns and mining camps, along railroads and in casinos, and populated by cowboys, soldiers, laborers, barrio-bred locals and more. This work chronicles more than 70 years of New Mexico's colorful boxing past, representing the most in-depth exploration of prizefighting in one region yet undertaken.
