"Hello Ruby is half picture book and half activity book rolled into one adorable package. It introduces programming without requiring a computer at all. The point of the book isn't to teach you a programming language, but programming concepts." --GeekMom.com Meet Ruby—a small girl with a huge imagination, and the determination to solve any puzzle. As Ruby stomps around her world making new friends, including the Wise Snow Leopard, the Friendly Foxes, and the Messy Robots, kids will be introduced to the fundamentals of computational thinking, like how to break big problems into small ones, create step-by-step plans, look for patterns and think outside the box through storytelling. Then, these basic concepts at the core of coding and programming will be reinforced through fun playful exercises and activities that encourage exploration and creativity. In Ruby's world anything is possible if you put your mind to it. Vijf jaar na de vernietiging van de heropvoedingskampen waarin Zu en haar vrienden tegen hun wil werden vastgehouden, is de strijd nog altijd niet gestreden... De inmiddels zeventienjarige Suzume, 'Zu' Kimura heeft de rol van woordvoerder voor de interim-regering op zich genomen. Ze vecht voor de rechten van Psi-jongeren in een maatschappij waar nog steeds veel vooroordelen en onjuiste informatie rond gaan over deze groep. Als Zu wordt beschuldigd van het plegen van een verschrikkelijke daad komt ze in een positie terecht waarin ze opnieuw moet vechten voor haar leven. Vastberaden haar naam te zuiveren stuit ze tijdens haar zoektocht naar veiligheid en antwoorden op een duister complot en ontdekt ze dat, onder de dekmantel van het herstel van het land, er nog altijd dubieuze praktijken gaande zijn die de toekomst van de Psi-jongeren op het spel zetten. Wie kan zij nog vertrouwen in haar gevecht en wie kan haar helpen in haar strijd haar vrienden te redden die ooit haar beschermers waren? Nagelaten is het opzichzelf staande verhaal dat aansluit op The Darkest Minds-trilogie. Als eindredacteur van het televisieprogramma Voetbal International maakte journalist Michel van Egmond de opkomst, ondergang en wederopstanding van het mediafenomeen René van der Gijp van dichtbij mee. Hij schreef er dit boek over. 'Gijp' is de schets van een aantal turbulente maanden in het doorgaan zo kalme leventje van René van der Gijp. Tegelijkertijd is het een blik achter de schermen van het populaire tv-programma Voetbal International en een intiem portret van een geboren zondagskind, met aandacht voor zijn jeugd jaren, zijn spelerscarrière zijn levensvisie, zijn humor en zijn 'vliegende inzinking', zoals hij de burnout die hem maanden van het scherm hield, zelf omschrijft. Thomas Travis, a brilliant local surgeon, is a single father of a very troubled teenage daughter Ruby. Ruby is being bullied at school and cyber bullied. This is causing her to self-harm and even attempt suicide. On one summer Sunday her father persuades Ruby to accompany him on a long hike across The Roaches in the Staffordshire Peak District. Towards the end of the walk, by the side of a forest they come across a spectacular 60ft chasm in the hillside known as Lud's Church. From that point on both their lives will never be the same again. A story of mystery, romance and adventure. 'Een hilarisch als nuttig. Gebruikmakend van de nieuwste wetenschappelijke inzichten geeft ze inzichtelijke en oneerbiedige adviezen over hoe je elk aspect van je leven kunt verbeteren, van gezondheid en geluk tot relaties en carrière.' Arianna Huffington Een mindfulness gids voor geestelijk welzijn. Vijfhonderd jaar geleden ging niemand dood aan de stress: we hebben het concept zelf uitgevonden en laten ons er nu door beheersen. We mogen dan zo geëvolueerd zijn dat we op wonderbaarlijke wijze overeind kunnen blijven op vijftien centimeter hoge hakken, maar wat onze emotionele ontwikkeling betreft, drijven we nog tussen het kikkerdril. Ruby Wax toont ons een wetenschappelijke oplossing voor deze moderne problemen: mindfulness. Haar definitie van mindfulness is níét: met gekruiste benen mantra's zitten neurieën. Het is wél: je gedachten en gevoelens leren kennen en daardoor bewuster en gelukkiger door het leven gaan. Op geestige, slimme en toegankelijke wijze laat Ruby Wax

gewone mensen zien hoe ze voorgoed kunnen veranderen en waarom ze dat zouden willen. Met mindfulnessadviezen voor relaties, voor ouders, voor kinderen en tieners, en een zesweekse cursus gebaseerd op haar studies aan de universiteit van Oxford is Frazzled dé enige gids die je nodig hebt voor een gezonder en gelukkiger leven. Ruby Wax is comédienne en bestsellerauteur. Zij schreef eerder de bestseller *Tem je geest* en de mindfulnessgids *Frazzled* en behaalde haar master in Cognitieve gedragstherapie aan de Universiteit van Oxford. Ook gaf ze wereldwijd presentaties over depressie en mindfulness, onder andere tijdens TEDGlobal, en heeft ze een platform opgezet voor mensen met depressie en andere geestesziekten. "Een geweldig boek vol hartstocht, verve en humor. Met haar unieke boek laat Ruby je stap voor stap kennismaken met de wetenschap en de praktijk van mindfulness om je te leren om te gaan met alles wat het leven je voor je voeten werpt." Mark Williams, professor klinische psychologie aan de universiteit van Oxford en bestsellerauteur van *Mindfulness: Een praktische gids om rust te vinden in een hectische wereld Celebrate the 50th anniversary of the first African American child to integrate a New Orleans school with this paperback reissue! The year is 1960, and six-year-old Ruby Bridges and her family have recently moved from Mississippi to New Orleans in search of a better life. When a judge orders Ruby to attend first grade at William Frantz Elementary, an all-white school, Ruby must face angry mobs of parents who refuse to send their children to school with her. Told with Robert Coles' powerful narrative and dramatically illustrated by George Ford, Ruby's story of courage, faith, and hope is now available in this special 50th anniversary edition with an updated afterword! Driven by grief, Michael Sykora started his life of killing in a blind rage. But then it became something he was good at. Even something he...liked. To most who know him, Michael is a software designer, a smart-but average-workaholic. To a chosen few, Michael is something else: a part-time hit man whose specialty is eliminating hard-core criminals. When Nicki, a close friend, finds herself in trouble, Michael steps in. Having lost his fiancée to a brutal crime, Michael will do anything to keep from losing another woman in his life. Michael Sykora has managed to keep his two personas separate. Until now. The idea to write fictional letters to marital couples on how to use God's lifetime warranty on their marriages came into being in the process of a sermon preparation as a guest pastor for a local church in November 2011. I prayed about which message to deliver for many days. About two days before Sunday, I had a dream that a young lady participated during my sermon. After the sermon, her family greeted me well and said I made her speak in public for the first time and I gave her the encouragement that she needs for the rest of her life. Then I woke up. On the actual Sunday service, during the sermon, I asked the congregation how many of them had a dog or a cat. A young lady - a 17 year old said she had a cat. I asked if she ever took her cat for a walk, she said, "no." I asked, "why not?" She replied, "Nobody does!" Then I said people take their dogs for walks, but this does not mean that dogs are more important or better than cats. Cats have their own usefulness. God who created us knows that we are not the same and that we cannot function in the same way. One should not be boasting that s/he is better than the other. After the service, the grandfather of the cat owner who spoke during my sermon and her aunt came to me and thanked me for the opportunity given to the young lady to talk for the first time in public, which would enable her to express herself publicly. When I was praying at home after the sermon, I had the feeling that God wanted me to tell people to try out what seems to be unusual for them. It has been my concern for many years that many couples don't take their wedding vows seriously. It is affecting children a great deal; many children have two or three stepparents. Those children without stepparents seem to be the odd ones among their peers. In Canada, about 50% of first marriages may likely end up in divorce. One may presume that the rate of divorce in second marriages would be lower, but instead it is higher at 72% while, third marriages have the highest divorce rate of 85% (Comparative Annual Divorce Rate in Canada). Similarly, in America, the first marriage divorce rate ranges from 41 - 50%; second marriage divorce rate is between 60-67% and third marriage is between 73-74%. (Information on Divorce Rate and Statistics). This book is fictional. The stories are not real stories. They are about my past experiences with heterosexual couples in my counseling or pastoral care. I do not have a particular person or couple in mind. No names in the book are real names. If anybody's name or any couples have the same names as used in the book, I would like them to know that I am not telling their particular story or using them as an example. The Holy Spirit inspired the writers of the bible stories/instructions/messages and the same Holy Spirit is still talking to us today. I believe, I was inspired to write the book. I will encourage anyone or couple whose story or stories are similar to what's in the book not to be too critical but to take it (the book) as a means through which God is speaking to them to change. No marriage is too bad that God cannot change for better. Don't fold your arms and accept your troubled marriage as a done deal. I will advise the readers to call upon the author of marriage, God through Jesus Christ, to fix their marriages. He is able. Since the idea of letter writing is becoming obsolete, one may be wondering why letters to marital couples, and not email, text, or any other modern means of communication. Letter writing is an old form of communication, which is to inform, correct, and educate. In the New Testament, there are many letters written by Paul the apostle and others to individuals and churches to deal with issues, circumstances, and problems faced by the recipients. We never read about their responses or their initial letters to the Apostles. Similarly, only letters written to the couples are featured in this book. Most of the Letters in this book are long term correspondence with the imaginary couples. The objectives of the letters are to: 1). Encourage couples not*

to give up on their dream of having a successful marriage and to continue fighting until the victory is won. 2). Enable the counsellors/pastors to keep their counselees' hope alive as long as they are still interested in counselling. 3). Help families and friends to keep on supporting the couples in crises. Note that some of the letters end with prayer, while some didn't. The idea is we don't have to impose prayer on people. Praying with people is as important as praying for people in absentia. We need permission to pray with people, but we don't need permission to pray for people while they are not there. In both my pastoral and counselling ministries, the most prevalent issues are marriage and family matters. This book thus serves as a handbook to help couples in crises or prevent couples from getting into a marital mess. It can be used in marriage enrichment groups or as a counsellor/Pastor's handbook. The group Leaders, Counsellors or Pastors should not use the book as a weapon of judgment against anyone, but as a means of correction and education. The book is calling people who just want a family and not a marriage. Many couples lose love in their marriages. Love is the greatest gift God gives to people but many people do not accept it. They choose anger instead of peace or love from God. The book is calling the readers who are making wrong decisions for wrong reasons. We should not let bitterness, anger, frustration, alcohol, drugs, etc., ruin our marital relationships. The principles of marital solutions in the book focus on God. May God bless you as you read the it. Shalom! Order THE COMFORT BOOK. Available now! THE NUMBER ONE SUNDAY TIMES BESTSELLER WHAT DOES IT MEAN TO FEEL TRULY ALIVE? Aged 24, Matt Haig's world caved in. He could see no way to go on living. This is the true story of how he came through crisis, triumphed over an illness that almost destroyed him and learned to live again. A moving, funny and joyous exploration of how to live better, love better and feel more alive. Reasons to Stay Alive is more than a memoir. It is a book about making the most of your time on earth. I wrote this book because the oldest clichés remain the truest. Time heals. The bottom of the valley never provides the clearest view. The tunnel does have light at the end of it, even if we haven't been able to see it. . . . Words, just sometimes, really can set you free.' The Sweet Sisters Trilogy collects Lizzie Lane's beloved Second World War trilogy: Wartime Sweethearts War Baby Home Sweet Home Follow the Sweet family through love and war as they fight for the future of their village bakery - and find their own futures changing more than they ever imagined. [Boston, Robert Bros. 1872-74]. Ruby was drawing a picture. She looked up and asked, "Rahib, what am I thinking right now?" Just then, Leon missed a hard, fast handball shot from Miles, and the ball hit Ruby's head. "Owww!" she cried. Rahib became very still. "You are thinking...handball is a stupid game, and they should play something else." "Wow," said Ruby, "you really can read minds!" "A jam-packed finale" in the trilogy that follows the powerful legacy of the Thornton family from the #1 New York Times bestselling author of Vegas Heat (Kirkus Reviews). Fanny Thornton Reed, proud matriarch of the Thornton dynasty, chooses her first husband's illegitimate son Jeff to run Babylon, her family's successful Las Vegas casino. For Jeff, this is a chance of a lifetime. For Fanny, it is a decision she will come to regret as it turns her children against each other. For the rightful Thornton heirs, it is their worst nightmare come true. Will jealousy and betrayal tear them apart once and for all—or will perseverance and love salvage the Thornton dream? Praise for Vegas Trilogy "[A] sweeping family saga reminiscent of her Texas series." —Booklist "A fascinating family saga." —Romantic Times "If history doesn't lie, Michaels won't disappoint her fans." —Kirkus Reviews "Her characters are well constructed." —Publishers Weekly Book three in the hit series that's soon to be a major motion picture starring Amandla Stenberg and Mandy Moore—now with a stunning new look and an exclusive bonus short story that delves into the mind of Clancy Gray. Ruby can't look back. Fractured by an unbearable loss, she and the kids who survived the government's attack on Los Angeles travel north to regroup. Only Ruby can keep their highly dangerous prisoner in check. But with Clancy Gray, there's no guarantee you're fully in control, and everything comes with a price. When the Children's League disbands, Ruby rises up as a leader and forms an unlikely allegiance with Liam's brother, Cole, who has a volatile secret of his own. There are still thousands of other Psi kids suffering in government "rehabilitation camps" all over the country. Freeing them—revealing the government's unspeakable abuses in the process—is the mission Ruby has claimed since her own escape from Thurmond, the worst camp in the country. But not everyone is supportive of the plan Ruby and Cole craft to free the camps. As tensions rise, competing ideals threaten the mission to uncover the cause of IANN, the disease that killed most of America's children and left Ruby and others with powers the government will kill to keep contained. With the fate of a generation in their hands, there is no room for error. One wrong move could be the spark that sets the world on fire. Say goodbye to Ruby Redfort: every smart kid's smart kid. The mind-blowing conclusion to the thrilling series by award-winning author Lauren Child. De overlevenden zullen nooit ophouden te vechten. Maar hun persoonlijke strijd kan het falen van hun missie betekenen. 'De overlevenden is een van de beste boeken die ik ooit heb gelezen. Geen grapje. Ik kan niet uitdrukken hoeveel ik van dit boek hou. Het raakte mijn ziel. Het spookte dagen en dagen door mijn hoofd (en nog steeds!). De wereldbouw en het plot zijn fenomenaal (je zult je adem inhouden), en de karakters zijn de meest levendige die ik ben tegengekomen.' - Sarah J. Maas, bestsellerauteur van de series De glazen troon en Hof van doorns en rozen over De overlevenden, deel 1 van The Darkest Minds-trilogie: Een onzeker

licht Ruby kan niet terugkijken. Gebroken door een ondraaglijk verlies reizen zij en de kinderen die de aanval van de regering hebben overleefd naar het noorden om zich te hergroeperen. Alleen Ruby kan hun zeer gevaarlijke gevangene Clancy Gray onder controle houden. Maar er is geen garantie, slechts een kleine fout kan ertoe leiden dat Clancy een ravage in hun hoofden aanricht. - Ruby heeft weten te ontsnappen, maar duizenden Psi-kinderen zitten nog vast in de heropvoedingskampen en lijden onder de erbarmelijke omstandigheden. Ruby ziet het als haar missie hen te bevrijden. Daarnaast is ze vastbesloten de regering - de initiator van de kampen - te ontmaskeren en ten val te brengen. Terwijl de spanningen toenemen, bedreigen concurrerende idealen Ruby's missie. Met het lot van een generatie in handen is er geen ruimte voor fouten. Een fatale beslissing kan de wereld in vlammen doen opgaan...

Kennedy. The U.S. Congress passed Senate Joint Resolution 137 authorizing the Presidential appointed Commission to report on the assassination of President John F. Kennedy, mandating the attendance and testimony of witnesses and the production of evidence. After eleven months of the investigation the Commission presented its findings in 888-page final report. The key findings presented in this report were that President Kennedy was assassinated by Lee Harvey Oswald, that Oswald acted entirely alone and that Jack Ruby also acted alone when he killed Oswald two days later. The Commission's findings have proven controversial and have been both challenged and supported by later studies. Hartverwarmend, grappig, ontroerend en vol inzichten – Ruby Wax op haar best! Ruby Wax' eigen ervaringen met depressiviteit deden haar besluiten om haar tv-carrière op een laag pitje te zetten. Ze ging de menselijke geest te bestuderen en behaalde een master in mindfulness aan de Universiteit van Oxford. In Tem je geest laat Wax op haar eigenzinnige manier zien hoe onze constant doorjakkende en zelfkritische gedachten ons gestrest en angstig kunnen maken. Daarnaast legt ze uit hoe we deze cirkel kunnen doorbreken. We moeten verbindingen in onze gedachten opnieuw aanleggen en zo rust vinden in deze hectische wereld. Door het boek heen vertelt Wax bovendien op pregnante, ontroerende en vaak hilarische wijze haar eigen verhaal en hoe mindfulness haar op de been houdt. Ruby Wax, bekend van het tv-programma Ruby Goes Dutch, leed zelf aan depressies. Ze behaalde haar master in mindfulness gebaseerd op cognitieve therapie aan de Universiteit van Oxford. Daarnaast gaf ze een presentatie op TEDGlobal. Ze heeft de website Blackdogtribe.com opgezet voor mensen met een depressie en andere geestesziekten. \*FROM THE NUMBER ONE BESTSELLING AUTHOR OF FRAZZLED\* A three way encounter between a Monk, a neuroscientist and Ruby Wax sounds like the set up for a joke. Instead it's produced one of the most fascinating, intriguing and informative books about minds and bodies and brains and mindfulness I've ever encountered. A triangulation on what it means to be human. Utterly readable and surprisingly wise. Neil Gaiman How to Be Human is, without exaggeration, a lifeline; wise, practical and funny, it is a handbook for those in despair. It is actually for everyone alive, for the curious, or disillusioned or muddled or just plain happy. Ruby, the Monk and the Neuroscientist are today's Magi. Joanna Lumley With this marvellous book, Ruby Wax has confirmed her position as one of the most readable, inspirational and engaging writers in the field of human mental health, happiness and fulfilment. Stephen Fry It took us 4 billion years to evolve to where we are now. No question, anyone reading this has won the evolutionary Hunger Games by the fact you're on all twos and not some fossil. This should make us all the happiest species alive - most of us aren't, what's gone wrong? We've started treating ourselves more like machines and less like humans. We're so used to upgrading things like our iPhones: as soon as the new one comes out, we don't think twice, we dump it. (Many people I know are now on iWife4 or iHusband8, the motto being, if it's new, it's better.) We can't stop the future from arriving, no matter what drugs we're on. But even if nearly every part of us becomes robotic, we'll still, fingers crossed, have our minds, which, hopefully, we'll be able use for things like compassion, rather than chasing what's 'better', and if we can do that we're on the yellow brick road to happiness. I wrote this book with a little help from a monk, who explains how the mind works, and also gives some mindfulness exercises, and a neuroscientist who explains what makes us 'us' in the brain. We answer every question you've ever had about: evolution, thoughts, emotions, the body, addictions, relationships, kids, the future and compassion. How to be Human is extremely funny, true and the only manual you'll need to help you upgrade your mind as much as you've upgraded your iPhone. Are you spending valuable time on work a well-trained monkey could do?
